**NOW AVAILABLE!**

American Sign Language (ASL)

We are thrilled to announce that American Sign Language (ASL) is available on Mango Languages!

Mango Languages has partnered with ASL Inside, one of the leading ASL learning platforms, and as a patron, you now have free access to all the features this course has to offer:

- Launch lessons right from the Mango app and **Get Started** by modeling native ASL signers.

- Self-paced courses are designed to meet your learning speed.

- The **Magic Mirror** feature enables instant visual comparison for accurate sign modeling.

- Multiple sign models will help you experience a variety of ASL accents.

- Practical lessons will quickly enable you to engage in basic ASL conversations.

- Content includes **Cultural** and **Grammar Notes**, **Vocabulary**, and **Automatically-Graded Review**.

Together, let's break down barriers and expand the accessibility of ASL in our community!
